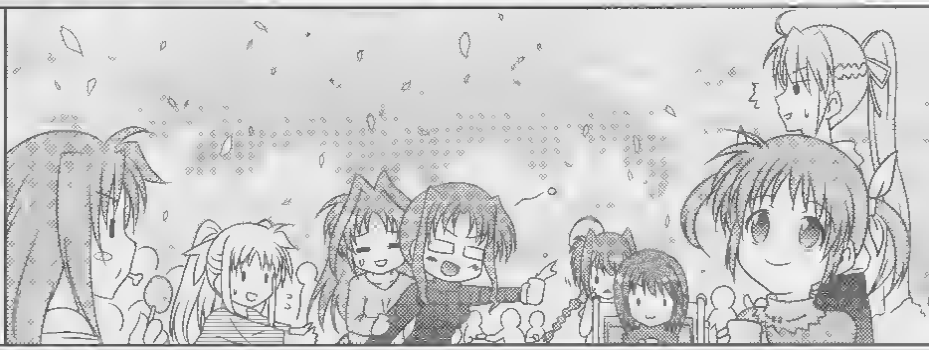
The beginning would be...

After the tome of the night sky incident came to an end

And we all went to see the cherry blossoms together



Fate!

Maybe thats why my eyes were able to perceive

They say that when the fresh leafs of the the cherry trees fall...

It symbolizes a new beginning

Alicia around me
What is it?
I am bored, Fate
Mou, I am doing my homework
Be quiet for a bit
Eeeeh?

I had had no idea what was happening all of the sudden

When she first appeared it was a huge surprise for me

Puh

I had no idea what course of action I should take

Everything else vanished, but a part af me had been recanstructed, thanks to the influence of yaur magic

When yau escaped, it caused the warld to shatter and fragments af it remained within yau

Or some-thing like that ...

I was back to my own self

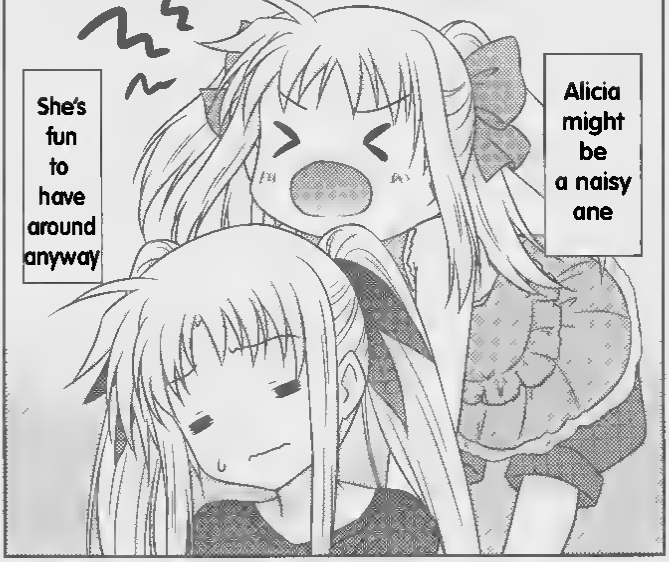
(during your dream)

While you were captured inside of the book of dorkness

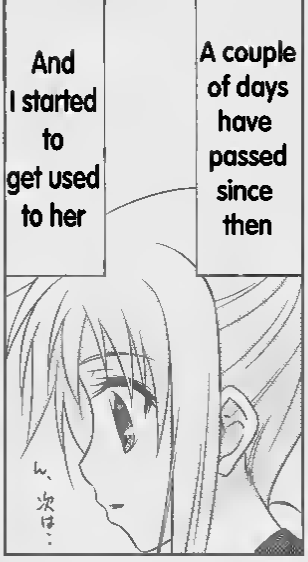
As for Alicio herself

(She told me this when she first appeared)

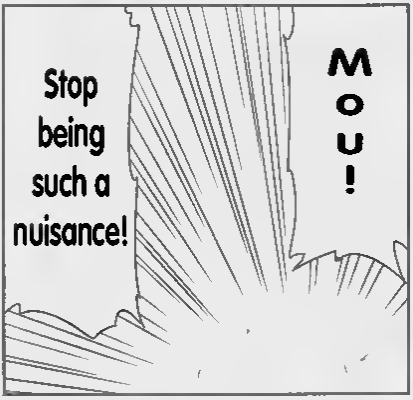
びき びき びき びき びき



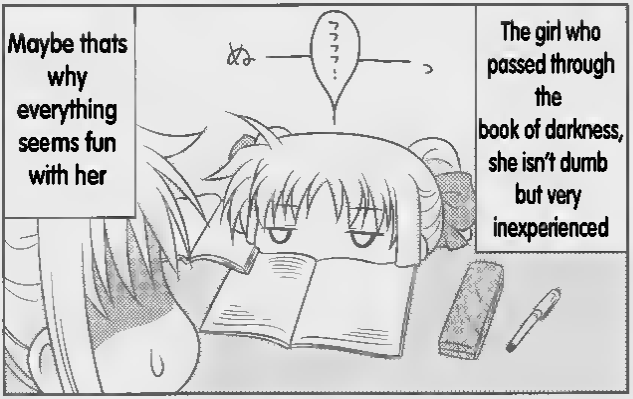
She's fun to have around anyway
Alicia might be a naisy ane



A couple of days have passed since then
And I started to get used to her

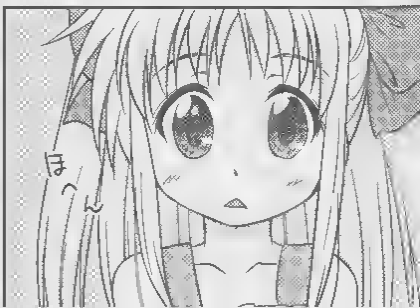


Stop being such a nuisance!
Mou!



Maybe thats why everything seems fun with her
The girl who passed through the book of darkness, she isn't dumb but very inexperienced

Huuh
What do you want?
Waai!
Thats my little sister!
I knew you would say that



This is the sequel of the manga from yesterday
I just wanna read it a little, okay?

It's not like I want to keep it a secret but...
Its just that...
after all na ane but me is able to see Alicia
It smells

It is useful because it makes it easier to tease Fate. Which makes me laugh a lot
So I am basically like a ghost
Sometimes I disappear
I can not touch things
I have a lot of room to float around
